F.No.1(10) / Corp-office/ TSECL/2014/44,166-212

Dated, Agartala, the 15th February 2014

NOTICE INVITING PROPOSAL

The G.M (Tech-II), TSECL, Bidyut Bhaban, Agartala, Tripura, being the SDA Tripura, invites sealed tenders for Hiring an agency to provide Manpower support to SDA Tripura for implementation of BEE assignments..The Request for proposal can be downloaded from the website www.tsecl.nic.in and <http://www.sdatripura.in/> for details.

The last date for receipt of proposal is 15.00 hrs (IST) on, **15th March,2014** and the technical proposal will be opened on the same day. The RFP can also be purchased on all working days upto **10th March.2014**, from the office of the undersigned, during office hours on written request accompanied with a D/D of Rs. 1000/- (Rs. one thousand only) drawn in favor of TSECL payable at State Bank of India, Agartala,

(K.L.Das)
General Manager(Technical-II) &
State Designated Agency
TSECL, Agartala

1.1 About the RFP

This Request for Proposal document is to hire an agency to provide manpower support to state designated agency Tripura during the XII five year plan. The Government of India set up Bureau of Energy Efficiency (BEE) on 1st March, 2002 under the provisions of the Energy Conservation Act, 2001. The State Governments have designated State Designated Agencies (SDA) in consultation with the Bureau of Energy Efficiency to coordinate, regulate and enforce the provisions of the Act in the State. Thus the State Designated Agencies are the strategic partners for promotion of energy efficiency and its conservation in the country.

Interested agencies/firms may download the RFP document from the websites www.tsecl.nic.in and <http://www.sdatripura.in/> and the cost of the tender form shall be deposited in the form of **Demand Draft** on any Nationalized/Scheduled bank payable at Agartala in favour of **TSECL Bidyut Bhaban, Agartala, Tripura**.

In case the RFP is downloaded, intimation may be sent at the email id mentioned below. The submission of the RFP document must be accompanied with the payment of the bid processing fees of Rs.1000.00 (Rs One Thousand only).

Interested agencies/firms may contact at Tel: 0381 2324933 Fax: 0381 2319427, Email:- klidas.tsecl@gmail.com for any clarification.

2.0 Background Information

A drive to reduce energy intensity of the economy initiated by Govt. of India and the Integrated Energy Policy announced estimates a possible reduction of 25% by energy efficiency / conservation measures. The goal of Bureau of Energy Efficiency (BEE) is to develop policy and strategies with a thrust on self-regulation and market principles, within the overall framework of the EC Act 2001, with the primary objective of reducing energy intensity of the Indian economy. In this regard, BEE has undertaken several initiatives to promote energy efficiency in the areas of industries, buildings, appliances and demand side management in municipalities and agriculture sector. Energy being a concurrent subject, it becomes imperative that the States actively participate in the schemes to facilitate in achievement of the overall goal of reducing energy intensity of the country. Section 15 (d) of the Energy Conservation Act 2001 states “*The State Government may, by notification, in consultation with the Bureau designate any agency as designated agency to coordinate, regulate and enforce provisions of this Act within the State*”. Thus, the EC Act 2001 mandates the notification of State Designated Agencies (SDAs) as nodal agencies to promote the efficient use of energy and its conservation in the States. The SDAs have been set up in 33 states by designating one of the existing organizations as required under section 15 (d) of the Energy Conservation Act 2001. In Tripura, Tripura State Electricity Corporation Limited is the State Designated Agency (SDA). The SDA lack physical and fiscal resources, share key facilities / staff / budget with the parent department. This dampens the pace and direction of the energy conservation program, limiting novelty of approach in expanding outreach of activities. To develop zeal towards successful implementation of the EC Act, there is a need to change in the management style. During the XI plan, SDA, Tripura while overcoming the above mentioned barriers have achieved the following:

The SDA Tripura / Tripura State Electricity Corporation Limited (<http://www.sdatripura.in/>) has been in the forefront in implementing the Energy Conservation Act in the state of Tripura. The SDA Tripura has executed LED Village Campaign project, through installation / providing 1400 Nos. 8 watt and 60 Nos. 18 watt LED bulbs at Old Agartala area, Sonamura NPA, Bishalgarh NPA,

Ranirbazar NPA, Khowai NPA, Teliamura NPA in Tripura. where existing incandescent street lights were replaced by energy efficient LEDs. Investment Grade Energy Audit (IGEA) of 5 (five) nos Govt. buildings has so far been undertaken.

However, the expectations from SDA Tripura have increased manifold during the XII plan and expected to play an important role to ensure compliance of DCs as mandated by the EC Act 2001, establishment of enforcement mechanism to facilitate in successful implementation of Standards & Labeling and Perform, Achieve & Trade scheme. SDA Tripura is required to play an important role in implementation of various other schemes of BEE during the XII plan along with contributing to verifiable energy savings. Thus, it is pertinent to have additional manpower support to facilitate the SDA Tripura in fulfilling the various duties

2.1 About SDA

The General Manager (Technical-II), Tripura State Electricity Corporation Limited (TSECL) Bidyut Bhavan, North Banamalipur, Agartala-799001, Tripura, have been notified and designated as the Designated Agency by the Government to coordinate, regulate and enforce the provisions of the Energy Conservation Act within the state of Tripura. SDA Tripura has undertaken various Energy Conservation Projects throughout the state while implementing the annual action plan formulated by Bureau of Energy Efficiency, New Delhi which is aimed at promoting Energy Conservation. Different activities undertaken by SDA, Tripura include, Workshop at Pragna Bhavan, Agartala on EC & EE, Publicity through print media, electronic media and journals/souvenir etc, Regional meets at Pragna Bhavan, Agartala, Seminar at Corporate Office on Energy Conservation & Energy Efficiency , DC & Stake holders meet at TIDC, Industrial Estate, Bodhjunnagar, West Tripura. Awareness campaign through 3-tier Panchayat Raj at Jirania, Ambassa & Udaipur. Workshop cum seminar at Pragna Bhavan, Agartala with BEE delegates. Awareness campaign through 3-tier Panchayat Raj at Melaghar, Bishalgarh, Teliamura, Kailashahar, Dharmanagar & Khowai.etc. Pamphlets and calendars are also distributed to the general public for increased public awareness. For Standard & Labeling program, pertinent information for items being covered such as distribution transformers, florescent lamps, etc shall be appropriately collected and pursued as a continuing activity. SDA, Tripura has set up the State Energy Conservation Fund

3.0 OBJECTIVE:

The objective is to have necessary manpower support to enable the SDA Tripura to coordinate, regulate and enforce various provisions of the EC Act 2001 who are experienced in the field of energy efficiency. Manpower for supporting various activities of SDAs, managing State Energy Conservation Fund (SECF), implementing Perform, Achieve and Trade (PAT) and other BEE scheme will be required. As per EC Act, 2001, the SDAs are supposed to perform the role of a coordinating agency, regulator and enforcement agency in the State to promote the efficient use of energy and its conservation. During the XI plan, the SDA Tripura, has performed the role of a coordinating agency and that of a regulator to certain extent. The major focus during the XII plan will be on establishment of enforcement machinery at the State level apart from performing the role of a coordinating agency and that of a regulator. This shift in focus is necessitated due to the fact that energy efficiency implementation in industries (PAT) and four major categories of appliances under S&L scheme is in mandatory phase. Vision document of the 12th five year plan envisages 75% new construction of all commercial buildings in the 12th plan period to be ECBC compliant. An effective enforcement mechanism at the State level is imperative for implementation of all mandatory schemes.

As on date, BEE has successfully registered 14 products under the S & L scheme out of which 4 products are under the mandatory labelling regime. These are frost free refrigerator, room air conditioner, TFL and distribution transformer. For the mandatory products, no unlabelled products must be available in the market with effect from the date of various notifications. Similarly, mandatory energy saving targets has been given to 478 industrial units, who fall under the category of designated consumers.

The manpower engaged are expected to work in tandem with other SDA officials and facilitate SDA Tripura in achieving the target energy savings along with smooth and timely completion of other SDA activities pertaining to promotion of efficient use of energy and its conservation.

4.0 Scope of Work

The agency shortlisted for providing manpower support would be responsible to fulfill the following roles by deputing at least 2 to 3 number of manpowers at the headquarter of the SDA:

i. Support various activities under the Strengthening of State Designated Agencies scheme of BEE

In order to kick start the energy conservation activities at the state level with an emphasis on building institutional capacities of the SDAs, Government of India had approved the scheme of Providing Financial Assistance to the State Designated Agencies for strengthening their institutional capacities and capabilities. During the XI plan, the SDA Tripura has carried out capacity building activities like Workshops / training programmes involving the Energy Managers / Energy Auditors and Designated Consumers appraising about their roles as per the mandate of the EC Act 2001. Media / awareness campaign in Tripura has been undertaken by the SDAs. The major focus area were promotion through electronic and print media, translation of BEE materials to local languages, awareness campaign in schools / colleges, and through brochures, banners etc. Apart from the above, SDA Tripura has undertaken *demonstration projects in the area of Installation of 40 Nos. 90 Watt LED street lights on Akhaura Road from IGM Cowmuhani to Fire Brigade Chowmuhani in Agartala Municipal Area.* and LED Village Campaign was successfully commissioned in *Chaturdas Debotabari Village under Uttar Champamura Gram Panchayat at Old Agartala.* Under IGEA of the Govt. Buildings, 5(five) nos Govt. buildings have been taken up for energy audit. The implementation of the Energy Conservation measures in 5 (five) buildings have been taken up. A separate website highlighting energy efficiency measures undertaken in the State has been established. The roles expected from the manpower provided by the agency are:

- Preparation of annual action plans including budget estimation
- Preparation of annual reports
- Interaction with other Govt. Dept. / Organizations and Industries
- Conduct state level awards
- Identification of demonstration projects
- Preparation of schemes for promoting energy conservation
- Implementation and monitoring support for different energy efficiency projects
- Verification and documenting capacity avoidance and energy savings realized
- Exploring new areas for implementation of energy conservation measures in the state of *Tripura*
- Finalization and vetting of Detailed Project Reports (DPRs) for energy efficiency projects

- Conduct field visits for implementation and monitoring of different energy conservation activities
- Organizing awareness campaigns, workshops, seminars for different sectors and general public
- Facilitating energy audit and investment Grade Energy Audit of industries and industry clusters, Urban and local bodies, irrigation and water pumping systems, sewage systems, street lighting systems, buildings etc.
- Undertake activities as per the requirement of BEE as prescribed from time to time and extend necessary support for achievement of projected capacity avoidance as prescribed by SDA and any other activities which is felt necessary for fulfilment of the role of SDA as prescribed under EC Act 2001

ii. Managing State Energy Conservation Fund (SECF)

Clause 16 (1) of the Energy Conservation Act 2001 requires State Governments / U.T. Administrations to constitute a fund called SECF for the purpose of promotion of efficient use of energy and its conservation within the State. In this context, a scheme titled Contribution to SECF by the Government of India is in place from the XI plan with SDA being the implementing agency for the scheme. The SECF is proposed to be utilized to facilitate market transformation through implementation of energy efficiency projects by the SDAs. The most viable market transformation strategy for implementation of energy efficiency projects is through the ESCO route. Structuring of successful ESCO model is being pursued over a time by various organizations in different countries compared to India where it is still in nascent stage. Many endeavours to develop policies on energy efficiency in India have been undertaken which would cement the confidence of ESCOs but unfortunately not many investors have shown interest in investing for energy efficiency projects. This is primarily because of the fact that investment is to be recouped through the accrued energy savings, process for which still needs to be streamlined and could not be done till now.

The SECF should not include energy efficiency projects to be executed on grants-in-aid basis (except for few demonstration projects on waste heat recovery). It should be used as an instrument to facilitate implementation of energy efficiency projects through market transformation. For undertaking energy efficiency projects major part of the funds disbursed under SECF should be earmarked separately as Revolving Investment Fund (RIF). The roles expected from the manpower provided by the agency are:

- Identification of sectors for preparation of sector-specific energy savings plan
- Preparation of sector-specific energy savings plan
- Finalization of the plan in consultation with the SDA
- Strategizing implementation of the plan
- Utilizing SECF as RIF
- Identification of other areas for utilizing SECF as RIF
- Overall management of SECF

iii. Facilitate smooth and timely implementation of other schemes of BEE

BEE has initiated a number of energy efficiency initiatives in the areas of household lighting, commercial buildings, standards and labelling appliances, demand side management in agriculture/municipalities, SME's and large industries including the initiation of the process for development of energy consumption norms for industrial sub sectors, capacity building of SDA's

etc. In order to enhance the efforts to promote energy efficiency during 11th plan period the national target of reducing consumption by 10000 MW of avoided capacity addition has been kept. The initiatives taken have resulted in an avoided capacity generation of 10836 MW during the XI plan. The national target of energy saving which is to be achieved during XII Five Year Plan as a consequence of implementation of ongoing schemes and additional new components under National Mission for Enhanced Energy Efficiency (NMEEE) is expected to be 44.85 BU at consumer side, equivalent to 60.17 BU at generating side, equivalent to avoided capacity of 12350 MW. In view of the above, BEE envisages that the role of SDA <Name of State> in various schemes will be extremely crucial to facilitate achievements of the national targets set by the Govt. of India. The roles expected from the manpower provided by the agency are:

Standards & Labelling Scheme:

- Facilitate in contributing to the capacity building of the retailers and showroom salesman activities
- Facilitate in conduct of consumer awareness programs to spread awareness
- Facilitate in ensuring larger penetration for voluntary products

Buildings Scheme:

New Commercial Buildings

- Facilitate in amendment of ECBC to suit local climatic conditions
- Facilitate in incorporation of amended ECBC in municipal building bye-laws
- Facilitate in capacity building of architects, designers and verifiers for ECBC compliant buildings.
- Facilitate in imparting training to building owners on submission of required data as per prescribed format once buildings are notified as DCs.

Existing Commercial Buildings

- Facilitate retrofit through ESCO route or by building owners themselves.
- Facilitate promotion of star labeling scheme of BEE.

Municipal DSM:

- Facilitate in selection of ULBs for implementation of DPRs.
- Facilitation in actual implementation in the ULBs.

Agricultural DSM:

- Facilitate issue of regulations / notifications by the State Govt. to mandate the use of BEE star labeled pump sets for new connections.
- Facilitate in setting up of monitoring mechanism to quantify the outcome

In addition to the above, the manpower provided will be required to do any other task pertaining to schemes of BEE as per direction provided by CEO of SDA.

iv. Facilitate smooth and timely implementation of Perform, Achieve and Trade (PAT) scheme of BEE

PAT is a market based mechanism under the National Mission for Enhanced Energy Efficiency (NMEEE) to enhance cost effectiveness of improvements in energy efficiency in energy-intensive large industries and facilities in 8 energy intensive industrial sectors (including Thermal Power Stations) , through certification of energy savings that could be traded.

During the first cycle of PAT scheme i.e. from 2012-13 to 2014-15, eight energy intensive sectors such as Thermal Power plants, Iron & Steel, Cement, Fertilizer, Aluminium, Textile, Pulp & Paper, Chlor-alkali have been included. There are about 478 numbers of Designated Consumers in these 8 sectors and they account for about 165 million ton oil equivalent of energy consumption annually. It is expected to save around 6.686 million ton of oil equivalent of energy from the first cycle of the PAT scheme. This accounts for a saving of 3.4 mtoe from the seven energy intensive industries (DCs) and 3.2 mtoe from thermal power stations sector

The scheme is unique in many ways, particularly from a developing-country's perspective since it creates a market for energy efficiency through tradable certificates, called Energy Savings

Certificate (ESCerts) by allowing them to be used for meeting energy reduction targets. These certificates can be issued to any of the 478 industries who are able to exceed their respective notified target, the value of the certificate being the excess achievement, more than the target set. The beneficiary industry could trade this certificate to any of the other entities (of the 478) that is unable to meet its target, as buying ESCerts has been allowed as sufficient fulfilment of compliance requirement without any penal action. The agency will be responsible for providing appropriate manpower who will be accountable to perform the following roles for smooth implementation of PAT in consultation with the concerned officer-in-charge of Bureau of Energy Efficiency:

- Rule 5 - Form, manner and time for preparation of scheme for implementation of efficient use of energy and its conservation: Guidelines may be provided to SDAs detailing the actions to be undertaken on the action plan submitted by the DC.
- Rule 6 – Assessment of performance: For sub-rule (7) under rule (6), format and guidelines may be provided to SDAs for furnishing comments on Form 'A' to BEE.
- Rule 8 – Check Verification: For sub-rule (2a) & (11) under rule (8), format and guidelines may be provided to SDAs for furnishing comments to BEE.
- Rule 8 – Check Verification: For sub-rule (14) under rule (8), guidelines specifying the procedure to be adopted and the official responsible to initiate penalty proceedings may be provided to SDAs.
- Rule 8 – Check Verification: For sub-rule (15a) under rule (8), guidelines may be provided to SDAs detailing the actions to be undertaken to recover from the DC the loss to the Central Govt. by way of unfair gain to the DC.
- Rule 13 – Compliance of energy conservation norms and standards: Guidelines detailing the action to be taken by the SDA regarding submission of compliance as per Form 'D' by DC.

The agency shall depute manpowers for supporting various activities under the Strengthening of State Designated Agencies scheme of BEE, Managing State Energy Conservation Fund (SECF) and Facilitate smooth and timely implementation of other schemes of BEE as detailed below.

STATE-WISE DETAILS OF THE MANPOWERS TO BE PROVIDED						
State	No of DCs	No. of Manpower Support Required				Total
		SDA Activities	SECF Management	Implementation of other schemes of BEE	PAT Implementation	
Tripura	3	1	1	1	1	4

The minimum qualification criterion for these manpowers may be:

Manpower 1:

AICTE / Govt. approved Bachelor Degree in Engineering with minimum of 60% marks or equivalent grade in the engineering degree examination and a minimum of three years work experience in energy efficiency or its conservation and energy auditing. The maximum age limit may be 35 years.

OR

Retired officers of Central Govt. or Autonomous Bodies who had served as Deputy Secretary/ Equivalent posts subject to possessing a graduate degree and having a minimum of five years work experience in energy efficiency or its conservation and energy auditing. The maximum age limit may be 65 years.

Manpower 2:

AICTE / Govt. approved Bachelor Degree in Engineering with minimum of 60% marks or equivalent grade in the engineering degree examination or BEE certified EA/EM along with 2 years MBA/Post Graduate Diploma in Energy Management/ Post Graduate Diploma in Business Administration or equivalent with specialization in Finance (AICTE/ Govt. approved.). The incumbent should also possess a minimum of five years work experience in energy efficiency or its conservation and energy auditing. The maximum age limit may be 45 years.

To facilitate smooth and timely implementation of Perform, Achieve and Trade (PAT) scheme of BEE, the agency needs to depute manpower with the following minimum qualification criterion:

Manpower 3 & 4

AICTE / Govt. approved Bachelor Degree in Engineering with minimum of 60% marks or equivalent grade in the engineering degree examination, possessing a certificate of Energy Auditor / Energy Manager from the Bureau of Energy Efficiency and having experience of handling activities related to Designated Consumers. The incumbent should also possess a minimum of five years work experience in energy efficiency or its conservation and energy auditing. The maximum age limit may be 45 years.

5.0 TERMS AND CONDITIONS

The agency providing manpower support to the SDA *Tripura* will abide with the following:

- The manpowers provided will be stationed in the headquarter of SDA *Tripura* .
- The manpowers provided will use the existing office space of SDA and will carry their own laptop and data card for internet access.
- The manpowers provided will report to Chief Executive Officer of the SDA or a senior executive in SDA as decided by the competent authority.
- The manpowers provided will be called upon to attend office on holidays / Sundays in the interest of work and to sit late hours as per the requirement of SDA *Tripura*.

- The manpowers provided will work towards the fulfilments of all roles assigned by Chief Executive Officer of the SDA or a senior executive in SDA as decided by the competent authority.
- No change of the deputed manpowers will be allowed within the contract period.
- In case of any unforeseen events, any change of the deputed manpowers provided will be done with the approval of Chief Executive Officer of SDA *Tripura*.
- All expenses related to tours and travels to be incurred towards the manpowers provided will be borne by SDA, Tripura as per prevalent norms.
- SDA Tripura will have no financial implications with the manpowers provided. SDA Tripura will pay the agency who has deputed the manpowers provided on a monthly basis as per the amount mentioned by the agency in their financial proposal.
- The manpowers provided by the agency will be on contract basis and initial contract of the agency would be for a period of two years. The contract may be renewed on an annual basis at mutually agreed terms and conditions, with financial implications not exceeding 10% of the initial contract value, for a maximum period of another two years or 31st March, 2017 whichever is earlier.
- The manpowers provided will be entitled for a maximum of 2 days of leave on working days per month. If the manpowers provided takes more than 2 days of leave in a month, SDA Tripura will deduct an amount on pro-rata basis for each day's absence from the amount to be paid to the agency. In case of any unavoidable circumstances, the agency, may, after prior approval from SDA Tripura may provide a suitable replacement to SDA Tripura to avoid the above penalty.
- SDA Tripura reserves the right to terminate the contract of the consultancy firm without assigning any reason.

6.0 Selection Process

6.1 Qualification Criteria for Individual Agency / Firm

The agencies / firms being considered for the above work must fulfill all the following criterion for being declared as technically responsive:

- Should be an agency / firm / company registered/ incorporated in India. Necessary documents should be provided to substantiate the claim.
- Should be an agency having valid Grade 3 and above ESCO accreditation from BEE. Necessary documents should be provided to substantiate the claim.
- Should have at least 3 BEE Certified Energy Auditors/ Energy Managers as on the date of applying. A photocopy of the certificates of BEE Certified Energy Auditors/ Energy Managers should be enclosed as proof.
- Should be empanelled as a consultant with at least two Central / State Govt. agencies / bodies / organizations etc. for carrying out activities related to energy efficiency. Necessary documents should be provided to substantiate the claim.
- Should have prior experience of providing manpower support including as retainer consultant for any assignment for carrying out activities related to energy efficiency to Central / State Govt. agencies / bodies / organizations etc. for at least two separate assignments. Necessary documents should be provided to substantiate the claim.

- Should have adequate consultancy experience of minimum 5 years in the field of Energy Efficiency. Necessary documents should be provided to substantiate the claim.
- Should provide detailed curriculum vitae of the manpowers possessing the minimum qualification criterion as stipulated in section 4.0 above **as well as with ability of reading writing and speaking Bengali**. Necessary documents should be provided to substantiate the claim in curriculum vitae.
- Should give an undertaking stating that the same manpower whose curriculum vitae are provided will actually be deputed.
- Should have a minimum annual turnover of INR 100 Lakhs (INR or its equivalent in foreign currency) in one of the last three years i.e. FY 2010-11, 2011-12 and 2012-13. The audited annual statements for the last three years should be submitted to substantiate the claim.
- Should have net worth of at least INR 20 lakhs (INR or its equivalent in foreign currency) in one of the last three years i.e. FY 2010-11, 2011-12 and 2012-13. The audited annual statements for the last three years should be submitted to substantiate the claim.
- Should comply with all other terms and conditions as mentioned elsewhere in this RfP.
- **Preference will be given to the agencies / firms with prior working experience in relevant field in Tripura / in North East**. Necessary documents should be provided to substantiate the claim.
- Bids shall remain valid for **6 (six) calendar** months after the schedule date of bid opening prescribed by TSECL, unless otherwise specified in the accompanying Special Conditions of Contract. A Bid valid for a shorter period shall be rejected by TSECL as non-responsive

6.2 Preliminary Scrutiny

Preliminary scrutiny of the proposal will be made to determine whether they are complete, whether required process fee has been furnished, whether the documents have been properly signed, and whether the bids are generally in order. Proposals not conforming to such preliminary requirements will be prima facie rejected.

6.3 Evaluation of Proposals

6.3.1 Bid Evaluation Methodology

The following is the Bid process/ evaluation methodology that will be adopted by SDA, Tripura..

The RFP is invited in two envelope single bid form. The technical proposal as per requirement of the qualification criterion spelt under section 6.1 is to be submitted in a separate sealed envelope tilted **“Hiring of Agency (ESCO) to provide manpower support to SDA, Tripura during the XII five year plan” and named “ ENVELOPE-A”** The envelope-A should also contain the Cost of RFP (Rs One thousand only) and Earnest money (Rs Ninety six thousand only) in the form of Demand Draft issued by any nationalized/ scheduled bank,

The financial proposal is to be submitted in a separate sealed envelope tilted **“Hiring of Agency (ESCO) to provide manpower support to SDA, Tripura during the XII five year plan” and named “ ENVELOPE-B”**

First the Envelope-A, containing technical proposals shall be opened. The Agencies will be qualified as technically responsive whose Bid contains Cost of RFP (Rs One thousand only) and Earnest money deposit (Rs Ninety six thousand only) in the form of Demand Draft issued by any nationalized/ scheduled bank, & qualifies the criterion spelt under section 6.1 and as per RFP forms under section 10.0. The financial bids “ENVELOPE-B” of those agencies found to be technically responsive will be opened and the work will be awarded based on the lowest financial quote. The date of opening of the Envelope-B price Bid (financial proposal) shall be notified in

writing or by Fax to all qualified Bidders if not opened on the same day. Alternative bids in deviation to the Qualifying Criterion mentioned in the RFP will not be accepted. “

6.3.2 Both of the envelopes shall be addressed to SDA Tripura at the following address not later than the time & date mentioned in the Invitation to Bid.

**The General Manager, (Technical-II)
Tripura State Electricity Corporation Limited.
Corporate Office, Bidyut Bhawan.
North Banamalipur, Agartala-799001
West Tripura District, Tripura**

a) Bear (the RFP No., Name of work & date of opening).

Both of the envelopes shall indicate the name and address of the Bidder to enable the Bid to be returned unopened in case it is declared “late” or “rejected”. Any Bid received by TSECL after the time & date fixed or extended for submission of Bids prescribed by TSECL, shall be rejected and / or returned unopened to the Bidder.

If the envelopes are not sealed and marked as required TSECL shall assume no responsibility for the Bid’s misplacement or premature opening

7.0 Instructions to the Agencies / Firms

7.1 Financial Proposal

Agencies /firms shall submit the financial bid, clearly indicating the total cost of service in both figure and words, in Indian INR. In the event of any difference between figures and words, the amount indicated in words will be taken in account. In the event of difference between the arithmetic total and the total shown in the financial proposal, the lower of the two shall be taken into account.

The financial proposal shall take into account all expenses and tax liabilities except the service tax. For the avoidance of doubt, it is clarified that all taxes excluding service tax shall be deemed to be included in the cost of service. Further all payment shall be subjected to deduction of taxes at source as per applicable laws.

7.2 Cost of RfP

The agency / firm shall bear all costs associated with the preparation and submission of its RfP, including cost of presentation for the purposes of clarification of the bid, if so desired by the purchaser. SDA Tripura, will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the qualifying process. SDA Tripura reserves the right to cancel the RfP and is not liable for any outcome due to the action taken.
